

Greetings.

At the recent Synod Admin. meeting I was directed to ask the Clerks of the Presbyteries, in the Synod of Alberta, to distribute the recent Consultants report concerning Camp Kannawin and Regional Staffing to the congregations of your Presbytery. I have attached the report to this email as some may not have it yet.

The Presbytery and the congregations are then asked to respond, if they choose, directly to Christine Ball, Chair of the Synod Options committee. The committee is working on putting together recommendations in a report for the Synod meeting in October and welcomes your comments, responses and questions. We ask that your respond no later than July 30, 2022.

Christine Ball's email address is christinealexisball@gmail.com.

The hope and prayer is that presbyteries and congregations will take the time to read the report and report to the Synod Options committee.

The date that we would like the responses and comments and even questions in by is July 30, 2022.

If you have any questions please contact either myself or Christine directly.
Thank you for doing this for the Synod Options committee

George Malcolm
Acting Clerk, Synod of Alberta and the Northwest
